

# Pesticide Applicator Training

All pesticides that require a certified applicator that take place in California are done by licensed applicators. A person must undergo the California Department of Pesticide Regulation's (CDPR) statewide licensing and training to apply agricultural pesticides in the state.

## Subjects and details that must be mastered:

- Integrated Pest Management
- Crop health
- Pest management systems
- Organic and inorganic chemistry
- Plant physiology
- Soils
- Labeling directions
- Restricted use pesticides
- Handler safety
- Fieldworker safety
- Protecting the environment
- Physical and biological sciences

To pass this training, applicants must understand:

Pesticide Laws

Pesticide Regulations

Basic Principles of Pesticides

After passing the initial exams, certified pesticide applicators must earn continuing education credits to ensure they have the most up-to-date information.
